Rapid Nutrition PLC

Rééquilibrer à la hausse-€1...!

- **Appel de trading.** Nous maintenons notre **BUY** sur Rapid Nutrition PLC (ALRPD.PA), cependant, nous ajustons notre cote de risque de **SPÉCULATIF** à **ÉLEVÉ**. Notre objectif de cours de 1,00 € par action est inchangé. Depuis le début du mois, les actions sont en hausse de 68 %, surperformant le groupe de pairs qui est en baisse de 2 % et l'Euronext 100 qui est en hausse de 1,9 %, respectivement. Nous recommandons d'accumuler les actions en cas de faiblesse.
- **Rééquilibrez vers le haut.** Suite à l'achèvement de la deuxième tranche du prêt convertible Atlas, la revue stratégique de la société sur les perspectives de croissance en 2024 au-delà de l'entrée en Chine, a conduit la société à accélérer le remboursement d'environ 570,1 K€. Cela représente plus de la moitié de l'encours du prêt convertible. Le reste du prêt convertible devrait être remboursé d'ici la fin de l'année. Dans cet esprit, nous pensons qu'il vaut la peine de rééquilibrer notre note de risque de **SPÉCULATIF** à **ÉLEVÉ**.
- **Région Asie-Pacifique.** Nous pensons que la récente incursion au Japon et en Corée devrait continuer à renforcer la présence de l'entreprise dans la région Asie-Pacifique. À notre avis, cela présente de nombreuses opportunités pour l'entreprise de conquérir des parts de marché du bien-être de 10 à 15 milliards de dollars dans les années à venir. Nous pensons que cela se traduira par une réaction positive pour *Azurene* et la marque *SystemLS* de la part des consommateurs de bien-être et équivaudra à une augmentation du rendement pour les actionnaires.
- Nous continuons de croire que l'engagement fort de la direction envers la technologie à base de plantes devrait continuer à renforcer les revenus en 2024 et au-delà, améliorant ainsi la valeur de la marque Rapid Nutrition PLC.
- Profitez de la volatilité. Nous nous attendons à ce que le marché soit volatile à mesure que nous nous rapprochons de la fin du troisième trimestre et nous considérons tout repli comme une occasion d'accumuler des actions. Nous maintenons notre **RISQUE D'ACHAT MOYEN** et notre **objectif de cours de 1,00 € par action**.

Suivi de L'analyse des Pairs

Malgré la faible valorisation boursière de la société par rapport à Herbalife Ltd. (HLF – Non Noté) €665,6 million, Nu Skin Enterprises, Inc. (NUS – Non Noté) €340,7 million, Shineco, Inc. (SISI – Non Noté) €4,5 million et The Beauty Health Co. (SKIN – Non Noté) €163,7 million, nous pensons que Rapid Nutrition PLC revendique une position de niche dans le secteur de la santé, des herbes et du bien-être. La stratégie de diversification de l'entreprise en Amérique du Nord (États-Unis) devrait être couronnée de succès avec une notoriété croissante de la marque et une demande des consommateurs; En conséquence, la société devrait voir sa valorisation boursière s'améliorer en 2024.

La valorisation boursière s'améliore...
